Cookie Policy

How we use cookies on our platform

EFFECTIVE
17 May 2026
Subject to yearly legal review

ISSUED BY
Mothermind Limited

This Cookie Policy explains how Mothermind Limited ("**Mothermind**", "**we**") uses cookies and similar technologies on the Mothermind at Work platform and website.

It should be read alongside our [Privacy Notice](#).

What Are Cookies

Cookies are small text files stored on your device when you visit a website. They help the site remember you and how you've used it. Similar technologies include local storage, session storage, and tracking pixels — we refer to these collectively as "cookies" in this Policy.

How We Use Cookies

We use cookies to:

- keep you signed in;
- keep the platform secure;
- understand how the platform is used (only with your consent);
- make the service work properly across pages.

We do not use cookies for advertising or to sell your data.

Categories of Cookies We Use

Strictly Necessary

These cookies are essential for the platform to work. Without them, sign-in and basic security would not function. You cannot disable these.

Examples: authentication tokens, session identifiers, security cookies.

Functional

These cookies remember choices you've made (such as preferences). They make the experience smoother.

Analytics (Optional)

With your consent, we use analytics cookies to understand how the platform is used so we can improve it. Data is aggregated and does not identify you individually.

You can accept or refuse these cookies using our cookie consent banner, and change your mind at any time.

Third-Party Cookies

Some of our subprocessors set cookies as part of delivering the service. These include:

- **Supabase** (authentication)
- **Stripe** (payments — only on payment pages)
- **Calendly** (booking pages)

These providers have their own cookie policies which we encourage you to read.

Managing Cookies

You can manage cookies in several ways:

- **Our cookie banner** — accept or refuse non-essential cookies on first visit and change preferences anytime via the "Cookie settings" link in the footer.
- **Browser settings** — most browsers let you block or delete cookies. Note that blocking essential cookies will prevent the platform from working.

Updates

We may update this Policy when our cookie use changes. The "Effective Date" above shows the current version.

Contact

If you have questions about our use of cookies, email ****.

Version 1.0. Subject to legal review.
